FERPA

Other than directory information, access to all other student records is protected by (FERPA) and Ohio law. Except in limited circumstances as specifically defined in State and Federal law, the School District is prohibited from releasing confidential education records to any outside individual or organization without the prior written consent of the parents, or the adult student, as well as those individuals who have matriculated and entered a postsecondary educational institution at any age.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, dates of attendance, height and weight. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

***Public Health Note:** Additional guidelines and policies may be put in place at any time at the discretion of the Jackson City School Administration and in accordance with the Jackson County Health Department. B. JACKSON HIGH SCHOOL MARCH SONG:

Hail fighting Ironmen
On to victory.
We've got the team boys,
We've got loyalty.

On toward that goal line
Watch our colors fly
We'll win the battle for
Old Jackson High.

Oh Jackson High!
For you we'd die
You'll win the game
We have no fear.

The Red and White
How they can fight
For you we'll give
A rousing cheer.

Go with that ball
And see them fall,
Come on we'll all
Give the fighting cry.

We'll stick together
And fight forever
For dear old Jackson High

C. THE JACKSON HIGH SCHOOL ALMA MATER:

Every loyal son and daughter
As the years go by
Revere our Alma Mater,
Dear old Jackson High.
Proud she stands among the hills.
May no infamy or shame
Ever touch our Alma Mater
Or abase her spotless name.
Let our memories and praises
Soar in chorus to the sky.
Hail to thee, our Alma Mater
Hail to thee, dear Jackson High.

D. HISTORY OF JACKSON HIGH SCHOOL:

"Old Central", the first high school in Jackson, was located where Kinnison School playground is today. There were four members in the first graduating class of 1876. For the next forty-five years, "Old Central" was the high school for Jackson children. There were 40 students in the 1920 graduating class.

In 1921 Kinnison School became the high school and served the students until 1931. From 1931 until 1957 the old section of the present middle school building served as the high school. Graduating classes had increased to 150-175 by 1957. The "new addition" to Jackson High School was put into operation in 1957 and served to alleviate the overcrowded condition occurring in the old section. Today's graduating classes average about 200 students. In 1976 Jackson High School celebrated its 100th graduating class, representing a century of growth and service to the students of the Jackson City School District.

The new high school opened in the fall of 2004. See below for a description of this up-to-date facility.

B. CREDIT FLEXIBILITY:

1. Credit Flexibility applies to any alternative coursework, assessment and/or performance that demonstrates proficiency qualified to be awarded equivalent graduation credit as applied for and approved in advance by the school district. Approved credit awarded through this policy will be posted on the student's transcript and counted toward the student's grade point average (GPA), class rank and as graduation credit in the related subject area or as an elective.
2. Jackson City Schools Credit Flexibility program is provided in accordance with Senate Bill 311.
3. *Credit flexibility is offered in three ways:*
 - a) *Option A:* Test out or otherwise show mastery of course content
 - b) *Option B:* Pursue an educational option such as distance learning, post secondary coursework, internship, service learning, sports, or research based project.
 - c) *Option C:* A combination of Options A & B
4. Credit Flexibility expands the number of options for earning credit by adding demonstration of subject area competency and structures that support it irrespective of any time requirements. In order to participate, an instructional plan must be submitted and approved. It must contain standards, skills, instructional methods and assessment.
5. At Jackson High School, students interested in credit flexibility will work with parents/guardians, teachers, counselors, and administrators to determine the plan of action to be taken.

The scale shall be implemented as outlined below:

Each teacher shall reflect in his/her grade book and or ProgressBook System the method used to arrive at the grade posted for each marking period. Letter grades will be used for reporting to parents/guardians for each marking period. Letter grades will be based on the following scale:

*Students enrolling from schools/districts that use a weighted GPA scale will have their GPA converted to the 4.0 scale used by Jackson High School/Jackson Middle School.

H. SEMESTER AND FINAL EXAMS

(COURSES EARNING JACKSON HIGH SCHOOL CREDIT):

1. In order to assess student learning, Jackson High School and Jackson Middle School will be administering Semester Exams and Final Exams.
2. Semester exams will count for 20% of the student's grade for each semester.
3. Additionally, Jackson High School will be following a modified schedule during the week of Semester Exams and Final Exams:
 - First Semester exams will be the last week prior to the beginning of Winter Break. For the 2020 - 2021 School year the dates are Monday, December 14th through Thursday, December 17th, with make-up exams on Friday, December 19th.
 - Final Exams will be given the last week of the Second Semester (Fourth Nine Weeks). For the 2020 - 2021 School year the dates are Monday, May 24th through Thursday, May 27th, with make-up exams on Friday, May 28th.
4. For Jackson Middle School Students, Algebra A and Algebra 1 will be courses for high school credit:
 - a. These courses will count toward high school credit.
 - b. The grades earned in these courses will affect high school grade point average (G.P.A.)
 - c. For all 8th grade students, all core academic courses will have semester and final exams that will count toward the semester and final grades. Exams will be scheduled within the last two weeks prior to winter break and within the last two weeks of the school year.
5. **No planned absences will be approved for these weeks. Parents and students should plan accordingly.**

I. MAKE-UP WORK:

1. **Excused Absences:** With regard to make-up work, an excused absence permits the students to make up the work for credit.
 - Students will be given one day to make up their work for each day of absence for multiple absences. Work which was previously assigned

and due on an absence day is due on the day of return. Work which is not completed within the allotted time will be graded as failing.

- Excused absences on test days will allow the student an opportunity for a makeup test.
 - Chronic absence on test days, or days when major assignments are due, may disallow the student from make-up opportunities.
2. **Unexcused Absences:** Students are not allowed to make up assignments which are missed due to unexcused absences. Student absences from the classroom due to suspension out-of-school are considered unexcused. First Time Out-Of-School-Exception (see suspension from school)
 3. **Alternative Learning Center:** Students assigned to the Alternative Learning Center may complete work. However, it is the student's responsibility to obtain such make-up work from classroom teachers, and it is then due on the next day the student is back in class. Failure to follow this procedure, or failure to turn in work upon return to class, will result in a failing grade being assigned for the missed work.

J. STUDENT PROGRESS REPORTS TO PARENTS:

1. **Interim Reports:** Written interim reports are sent to parents between report periods in order to keep parents informed on student progress. In addition, conferences shall be arranged to determine causes of poor performance and to plan cooperatively for ways to assist the students.
2. **Report Cards:** Non-returnable grade reports shall be issued four times per year, following the completion of each of the four nine week grading periods. These grades will be recorded in student permanent records. Any challenge of a recorded grade must be made not later than September 30th of the following school year. After that date, all grades are final in the permanent record.
3. **Other:** Parents shall also be notified of conduct and attendance problems which may interfere with student progress.
4. Progress Book Access will be made available to parents and students.

K. FEES:

1. **Fee Schedule:** A small charge is made in certain courses to pay for materials that are used by the students. These must be paid in full in order to receive grades and credits. Fees may also be imposed upon pupils for loss, damage, or destruction of school property and equipment:

- a. All obligations must be paid in full before school concludes in the spring. These students will not receive their grade cards nor will their records be released until the debts are cleared.
- b. Seniors having obligations at the end of the year will not have their records released until these obligations have been cleared.

III. Recognitions and Honors (JACKSON HIGH SCHOOL ONLY)

A. VALEDICTORY AND SALUTATORY CRITERIA:

Residency Requirement for High Honors

To be eligible for high honors such as Valedictorian or Salutatorian, Distinguished Scholar, Ohio Academic Scholarship, National Honor Society, etc., a student must be enrolled for three (3) consecutive semesters prior to the second semester of the senior year.

Criteria for Earning Valedictory or Salutatory Honors

Valedictory and Salutatory Honors are based upon class rank by GPA (Grade-Point Averages) which are computed at the end of the seventh semester.

1. **Valedictorian** - In order for a student to qualify as class Valedictorian, the student must:
 - a) hold the highest GPA (Grade Point Average) on a 4.00 scale when compared to all class members, and
 - b) **enroll in at least four advanced classes as listed below (1 ELA, 1 Social Studies, 2 Math/Science):**
 - **Advanced Placement English 11**
 - **Advanced Placement English 12**
 - **Advanced Placement American History**
 - **Advanced Placement Mathematics (Calculus)**
 - **Advanced Placement Biology**
 - **Advanced Placement Chemistry**
 - **Advanced Placement Government and Politics**
 - **Physics**
 - c) **Be eligible to receive an Honors Diploma (criteria for Honors Diplomas appear below).**
2. **Salutatorian** - In order for a student to qualify as class Salutatorian, the student must:
 - a) hold the second highest GPA (Grade-Point Average) on a 4.00 scale when compared to all class members, and
 - b) **enroll in at least four advanced classes will be required(1 ELA, 1 Social Studies, 2 Math and Science):**
 - **Advanced Placement English 11**
 - **Advanced Placement English 12**
 - **Advanced Placement American History**
 - **Advanced Placement Mathematics (Calculus)**
 - **Advanced Placement Biology**
 - **Advanced Placement Chemistry**
 - **Advanced Placement Government and Politics**
 - **Physics**
 - c) **Note:** In years when multiple Valedictorians are named, there will be no salutatorian honor awarded.
3. **College Credit Plus Students**

A student who participates in the College Credit Plus program must meet the same requirements as all other students.

 - a.) A committee composed of the principal and teachers of comparable courses at Jackson High School will determine if courses taken at the higher education institution are acceptable alternatives.

- b.) The responsibility for information pertaining to Jackson High School events and dates rests solely with the CCP student.
 - c.) It should be noted that for Freshmen and Sophomore students pursuing CCP, a CCP curriculum does not necessarily cover the standards of the Ohio Computer Based Assessments.
 - d.) In addition, Jackson High School strongly suggests that students entering their Junior or Senior year have passed the Ohio Computer Based Assessments before pursuing CCP.
 - e.) **Students who receive a failing grade in a course(s) are financially responsible to repay the Jackson City School District for the costs associated with the course(s) and may be subject to CCP Probation or CCP Dismissal.**
 - f.) **Any student wishing to participate in CCP the following year must have attended a CCP informational meeting at JHS or an accredited institution and have completed an application to the institution they wish to attend by April 1st. Please be aware that some institutions may have different deadlines that must be followed for admission. It is the sole responsibility of the student to meet the appropriate deadlines for CCP application based on the institution of their choosing, not the Jackson City School District or Jackson High School.**
4. **Vocational Students**
 If a vocational school student should attain a GPA (Grade Point Average) that is equivalent to the highest GPA attained by Jackson High School students, such achievement would be noted during commencement during commencement activities by indicating that the student had maintained a comparable GPA in the vocational curriculum. Such students would not, however, qualify as academic valedictorians.
5. **Number 1 Class Ranking**
 The transcript of any student who shares the highest GPA (Grade-Point Average) on a 4.00 scale, but does not meet the requirements of paragraphs 1-b, 2-b, 3-b, or 4-b, will reflect a number 1 ranking regardless of the fact that such student does not qualify for Valedictory Honors.

B. HONORS DIPLOMA:

Ohio students have the opportunity to choose to pursue one of six honors diplomas:

1. **Academic Honors Diploma**
2. **International Baccalaureate Honors Diploma**
3. **Career Tech Honors Diploma**
4. **STEM Honors Diploma**
5. **Arts Honors Diploma (includes dance, drama/theatre, music and visual art)**
6. **Social Science and Civic Engagement Honors Diploma**

Students wishing to pursue an honors diploma should refer to the Ohio Department of Education website for details or see the JHS Guidance Department: <http://bit.ly/ODEHonors>

C. NATIONAL HONOR SOCIETY:

1. Students in the Junior and Senior classes are eligible for membership in the Jackson High School Chapter of the National Honor Society. Selection is a privilege, not a right. Students DO NOT apply for membership in the NHS—instead they provide information to be used by the local selection committee to support their candidacy for membership.
2. Students are selected on the basis of Scholarship (3.5 minimum GPA required), Leadership, Character, and Service by a vote of the faculty council. This is not an election, nor is membership automatically conveyed because a student has achieved a specific level of academic performance. For example, actions that question a candidate's character may prevent them from being selected.
3. National Honor society members must maintain the high standards upon which they were selected. Students who violate any of the criteria will be put on probation for one semester. This is considered inactive which means they will not participate in any activities or be recognized as a member for that period. Students placed on probation have the option of meeting with the faculty council to discuss the situation. The faculty council will decide how the student will make restitution.
4. The faculty council has the right to automatically dismiss a member depending on the situation. Details of criteria for selection to the National Honor Society may be obtained from the advisor.
5. Upon entering their freshman year, students are encouraged to begin developing their Leadership, Character, and Service experiences in anticipation of submitting information to the faculty council during their Junior or Senior years.

D. AWARDS:

Each year service clubs and civic organizations present awards to students for achievements in various areas. There are scholastic awards for nursing and teaching, plus medals, plaques, trips and certificates for accomplishments in a variety of fields. Other awards are made to those students who are outstanding in dramatics, music, journalism, art, and athletics. Each year in the spring, an assembly is held to recognize those students who have earned awards. To earn an award for academic performance, which is based upon cumulative performance through the first semester of the current academic year, **the student must maintain a 3.75 GPA or higher. A reminder that freshmen students who have earned high school credit in junior high, will have that applied to their GPA calculation.**

The date for the Academic Awards Assembly for the 2020 - 2021 school year is Friday, May 21st beginning at 1:00 PM.

E. COLLEGE ADMISSIONS AND SCHOLARSHIP TESTS:

1. **Testing:** Standardized scholarship and college admissions tests are available to Jackson High School Students.
 - a. **PSAT/NMSQT** stands for Preliminary Scholastic Aptitude Test and National Merit Scholarship Qualifying Test. This test is given to interested juniors in the fall. This test has two purposes. One, it is a kind of rehearsal for students who plan to take the SAT, which is the test some colleges require for admission. Two, it is used to select students seeking National Merit Scholarships which are awarded spring term of the senior year and to choose students for the National Assistance Scholarship Program for Outstanding Negro Students. A further side benefit of the test is that you can have your scores reported to colleges interested in students scoring in your range, and you will receive a barrage of pamphlets, catalogs, and brochures telling you about those schools.
 - b. **PLAN** test helps tenth graders build a solid foundation for future academic and career success and provides information needed to address school districts' high-priority issues. It is a comprehensive guidance resource that helps students measure their current academic development, explore career/training options, and make plans for the remaining years of high school and post-graduation years. As a "pre-ACT" test, PLAN is a powerful predictor of success on the ACT Assessment. The PLAN test is administered in the fall of the sophomore year.
 - c. **The American College Test (ACT)** is administered several times a year at college centers. This is used primarily for admission to colleges.
 - d. **The College Entrance Examination Board (SAT)** is given periodically at college centers for admission to selected colleges.

F. UNIVERSITY SCHOLARSHIPS

1. Many scholarships are available to college candidates on the basis of:
 - a. High school academic achievement.
 - b. Special abilities (e.g., dramatics, music, athletics).
 - c. ACT or SAT
 - d. Study in specific areas (e.g., dairy science, teaching, nursing, cosmetology)
 - e. Need
2. Information and help in applying for scholarships are available from the guidance office.

G. NCAA CLEARINGHOUSE - NCAA FRESHMAN-ELIGIBILITY STANDARDS

1. **KNOW THE RULES:** it is the ultimate responsibility of the parents/guardians of the prospective student athlete to know and understand the freshmen eligibility requirements of NCAA member institutions. Information may be found on the web at <http://bit.ly/NCAACenter>

2. Core Courses
 - a. NCAA Division I requires 16 core courses as of August 1, 2008. This rule applies to any student first entering any Division I college or university on or after August 1, 2008. See the chart below for the breakdown of this 16 core-course requirement.
 - b. NCAA Division II requires 14 core courses. See the breakdown of core-course requirements below. Please note, Division II will require 16 core courses beginning August 1, 2013.
3. Test Scores
 - a. Division I has a sliding scale for test score and grade-point average. The sliding scale for those requirements is shown on page two of this sheet.
 - b. Division II has a minimum SAT score requirement of 820 or an ACT sum score of 68.
 - c. The SAT score used for NCAA purposes includes only the critical reading and math sections. The writing section of the SAT is not used.
 - d. The ACT score used for NCAA purposes is a sum of the four sections on the ACT: English, mathematics, reading and science.

IV. Services for Students

A. GUIDANCE:

1. For special problems of a personal, educational or vocational nature and for help in planning, students may consult a guidance counselor in the guidance office on the main floor. VI. Regulations, Customs and Traditions

A. ATTENDANCE: It is very important that you do your best to maintain a good attendance record. Without regular attendance, students will find it extremely difficult to do satisfactory work in their classes, since participation is a part of the earned grade for each course.

Parents and students can expect that the administration and staff at Jackson High School and Jackson Middle School will enforce the attendance policy in accordance with the adopted board policies of the Jackson City Schools and the Ohio Revised code. Parents/Guardians are expected to cooperate with Jackson High School and Jackson Middle School in regards to the student's attendance in order to ensure the academic success of the student.

1. Limitation on Absences (Partial Denial of Credit)

a. Students are allowed **three (3)** absences per nine-weeks grading period to be authorized by parent or guardian for illness, emergency appointments or similar situations approved by the administration. Absences after the **three (3)** absences per nine-week grading period are considered unexcused unless accompanied by a medical or legal excuse.

b. Any absences beyond the first **three (3)** absences per nine-week grading period without a legal excuse will result in an unexcused absence. For any and all unexcused absences, students will be given zeros for missed class work for that day. Any absences beyond the first ten (10) unexcused absences per semester or twenty (20) unexcused absences per year could result in denial of credit for the year. Seniors who attain more than 20 days total of absenteeism during the school year may be denied their privilege of attendance at senior breakfast, senior assembly, and/or participation in graduation.

c. Any student that accumulates **three (3) days or 19.5 hours of** unexcused absences in a nine weeks grading period will not be permitted to participate in or attend any extracurricular activity for the remainder of that nine weeks grading period.

d. All truancies are considered unexcused absences, and will result in disciplinary action.

e. Parents may appeal any questionable absences to a staff committee before the end of the grading period.

2. Unexcused Absences:

Notification letters will be sent to parents/guardians when a student has

accumulated **three (3)** unexcused absences per nine weeks. **Due to the timeliness of the mail service, the ultimate responsibility lies with the student and parent/legal guardian to know the number of absences the student has accumulated.**

a. At **three (3) days or 19.5 hours of** unexcused absences in a nine-week grading period, a letter is sent to the parent/guardian and a copy will be provided to the juvenile court requiring that the parent and student attend a diversion conference with the school and/or an officer of the court.

b. At **five (5) days or 32.5 hours of** unexcused absences per nine-week grading period, the school will **require the student and parent/guardian to participate in, and follow an Absence Intervention Plan.**

3. Effects of Unexcused Absences on grades: Since a student's presence and participation in class is an integral part of the learning process. Unexcused absences equate to unearned points, which can have the effect of lowering a grade. Excused absences will be neutral, neither helping or hindering the earning of grades.

4. Denial of credit for Excessive Absences: Since it is difficult to obtain a passing grade without attending class regularly, the question of denial of credit for excessive absence is usually moot. However, in those rare instances when a student may still be passing a class in spite of excessive absences, the school retains the right to deny credit for those classes unless the absences are made up through alternative education or summer school.

5. Effects of Absence on Driving Privileges: Students who engage in "Habitual Absences" as defined and discussed in Ohio Revised Code 3321.13 and Ohio Revised Code 4507.06 may be recommended to the Superintendent of Schools for denial or suspension of driving privileges. The Registrar of Motor Vehicles will deny or suspend driver's licenses upon the recommendation of the Superintendent of Schools.

6. Procedure When Absent: The primary responsibility for supervision of students rests with their parents or legal guardian. The school district staff will provide the assistance it can in this area to parents and guardians. In order for the school to provide this assistance, parents and legal guardians will provide the school with current home and work telephone numbers, home addresses, and emergency telephone numbers.

- a. On the date students are absent, the parents/legal guardian must notify the school by phone **before 10:00 a.m.** to explain the reason for the student's absence.
- b. All absences will be considered unexcused unless parents have notified the school by telephone, written excuse or a doctor's excuse.
- c. Such notification must be received not later than the start of the next school day after the initial day of absence.
- d. Unexcused absences may be treated as trancies, and can subject the student to disciplinary action.
- e. Parent notification by telephone may not imply excused absence.
- f. A doctor's excuse which includes the date of the absence, the reason for the absence and the signature of the doctor must be presented to

the attendance office. Absences due to a medical condition for which a doctor's note is received will not count as unexcused. No doctor's excuses will be accepted if there has been an alteration made to the excuse; it is the responsibility of the student and parent/guardian to obtain an unaltered excuse in a timely manner. **Doctor's excuses may be faxed directly to Jackson High School at (740) 286-8197 or Jackson Middle School at (740) 286 - 8637**

- g. The principal or his designee will determine if the reason for the absence is an excused or unexcused absence. If students are absent and do not comply with the above procedure, the absence will be unexcused.
- h. Students who were absent in the morning but who return to school at noon are to report to the office before going to class.

7. Excused Absence:

a. An absence from school will be considered excused if the absence is for one of the following reasons:

- (1) Personal illness
- (2) A contagious disease in the family
- (3) A death in the family
- (4) A serious emergency beyond the control of the student
- (5) College and Career Exploration
 - Seniors may be excused a total of five (5) times to visit institutions of higher learning (colleges, universities, military recruiters, etc) and to explore possible careers if they complete the following guidelines*.
 - Juniors may be excused a total of four (4) if they complete the following guidelines*.
 - Sophomores and Freshmen may be excused a total of two (2) times if they complete the following guidelines*.

Guidelines

- All college, military and career exploration visits shall be scheduled through the high school guidance office.
- Parent or legal guardian AND THE STUDENT must notify the high school office at least 24 hours in advance.
- Students must bring signed documentation from the institution, a signed statement from the military recruiter upon his/her return, or a signed statement from the career upon his/her return.
- In addition, vacation, college, military, and career explorations visits may be denied based on the attendance of the student.

(6) Other good causes approved by the principal.

b. All of the above reasons are in compliance with those set forth in the Ohio Attendance Laws (3321.04 and 332.19 ORC). All such absences must be accompanied by a telephone call from the parent, or a note signed by the parent, explaining the absence. This notification must be received no later than close of business the next school day after the initial absence.

8. Medically Excused Absence:

- a. Any absence from school due to illness, injury, etc. that is supported by

medical documentation is considered “medically excused”. This documentation is due immediately upon the student’s return to school.

- b. Students who are medically excused are able to complete all missed work for full credit in the appropriate time frame, however, the responsibility of communicating the absence lies with the student.
- c. Medically excused absences **DO NOT** count against a student’s threshold for excessive absenteeism in accordance with House Bill 166.

9. Unexcused Absence:

a. An absence from school will be considered unexcused if the absence is in violation of the Ohio Attendance Laws (3321.04 and 3321.19 ORC) and/or adopted school policy.

b. Absences for reasons not listed in the above section on excused absence will be considered unexcused, and may subject the student to disciplinary action.

10. Planned Absence: Parents who plan to have their child absent from school (e.g. for a vacation) should contact the principal in writing at least one week prior to the absence to determine if the absence can be excused.

- Only one (1) vacation pass per school year unless otherwise authorized by the principal. A vacation pass is considered five (5) school days.
- Unexcused absences may affect the ability to make use of vacation passes.
- Students who are using a vacation pass may not participate in extracurricular activities for the duration of the vacation pass.
- **No planned absences will be approved during exam weeks. Parents and Students should plan accordingly.**
- **In addition, vacation, college, military, and career explorations visits may be denied based on the attendance of the student.**

11. Truancy and Excessive Absences:

Truancy for purposes of this handbook is defined as any unexcused absence.

Excessively Absent for purposes of this handbook is defined as any absence in excess, with or without legitimate excuse.

The disciplining of truant **and/or excessively absent** students shall be in accord with Board policies and due process and the Student Code of Conduct.

A student will be considered “habitually truant” under state law if the student is absent without a legitimate excuse for **30 (thirty) or more consecutive school hours, 42 (forty-two) or more hours in one (1) school month, or 72 (seventy-two) or more hours in one (1) school year.**

When a student is habitually truant from school, the following Absence Intervention Plan will be put in place:

- A. Within seven days of the triggering absence, the district will:
 - a. Select members of the absence intervention team;
 - b. Make three meaningful attempts to secure the student’s parent or guardian’s participation on the absence intervention team.
- B. Within 10 (ten) days of the triggering absence, the student will be assigned to the selected absence intervention team.
- C. Within 14 (fourteen) days of the triggering absence, the district will develop the student’s absence intervention plan.

- D. If the student does not make progress on the plan within 61 (sixty-one) days or continues to be excessively absent, the district will file a complaint in the juvenile court.

A student is considered "excessively absent" if they have been absent 38 (thirty-eight) or more hours in one (1) school month with or without a legitimate excuse; or 65 (sixty-five) or more hours in one (1) school year with or without a legitimate excuse.

When a student is excessively absent from school, the following will occur:

- A. Parents/guardians will be notified within seven days of the triggering absence.
- B. Students will follow the district's/school's plan for absence intervention.
- C. Students and family may be referred to community resources.

12. School Attendance and Activity Participation

a. Students who are involved in an extracurricular activity must be in attendance for a full day of that activity unless they provide, on that date, a medical or legal excuse (must be provided upon arrival to school and prior to participation), or for any other reason that may be excused by the principal.

b. Alternative Learning Center: Students who are assigned a day (or days) of Alternative Learning Center are ineligible to participate in extracurricular activities the day of assignment (e.g. Games, practices, matches, performances, assemblies).

c. Students who receive an out-of-school suspension or are expelled from school are ineligible to participate in extracurricular activities during the period of suspension or expulsion.

d. Students who are suspended out-of-school for any reason during a nine week period are ineligible to attend dances for the remainder of that nine week period.

e. Student participation in ANY activity (extracurricular, athletic, dance or other) will be denied if a student has accumulated three (3) days or the equivalent (19.5 hours) of unexcused absences during the nine week period of the activity.

13. Tardiness

a. Students are tardy from school if the students are not in class when it is 8:05 a.m. Classroom teachers will establish individual policies to handle tardiness to class.

b. Students who are coming to school tardy must report to the main office to obtain an admit slip prior to entering class. After 9:15 a.m. tardiness is considered truancy unless there is a call from a parent.

c. Students will be permitted two (2) tardies per nine weeks grading period without penalty. Tardies three (3) through five (5) will result in assignment to the Alternative Education Program in order to gain instructional time that has been missed. A sixth (6) tardy per nine weeks grading period will result in that student not being permitted to participate in or attend any

extracurricular activity (includes all high school and middle school events including but not limited to: dances, field trips, sporting events, etc.) for the remainder of that nine weeks grading period. The administrative team may assign discipline other than that listed above for chronically truant students.

d. Three (3) tardies will equate to one (1) unexcused absence.

e. Students are tardy to class or study hall if they enter the room after the tardy bell has rung. Individual classroom teachers will determine what sanctions will be applied for excessive class tardies.

14. Off Campus Permits

a. Off-Campus Permits will be issued in the high school and middle school office before the start of period one for medical, dental or other appointments. Students must have their parents phone the office to explain why the students need to be excused. The students are to sign out in the office at the time to leave and sign back in when returning. Appointments should be scheduled after school hours when possible. Appointments other than medical may be considered unexcused absences. **All time "off campus" will be documented and will count towards a student's total number of hours missed (either excused or unexcused) in accordance with current attendance laws, unless it is considered "medically excused".**

15. Procedures for 18-Year-Old Students:

a. Students who are 18 years of age and still attending school are required to follow all of the same rules, procedures and regulations as other students.

b. For purposes of excusing absences and signing out off-campus, students still living with parents/guardians must have parental permission to sign out; parents must excuse an absence. Students may not sign themselves out nor excuse their own absences unless that parent/guardian has given written authorization to the school for that student to do so.

1. An After-School Alternative Education Class has been established at Jackson High School and Jackson Middle School. The class will meet from 2:55-3:55 p.m. Monday through Thursday as assigned at Jackson Middle School and from 3:15-4:15 p.m. Monday through Thursday as assigned at Jackson High School. The class is staffed by a certified faculty member who can assist the students in those academic areas in which the students are having problems.
2. Failure to attend these classes will be cause for further disciplinary action by the school, including, but not limited to assignment to the Alternative Learning Center.
3. Students may be assigned to the class for the following offenses:
 - a. Make up time for truancy/suspension from a class or school
 - b. Referrals to the office by the classroom teacher.

 - d. Any other serious discipline problem.
4. Assignment to the Alternative Education Class will be for a minimum of one 60 minute class, with the maximum to be determined by the

Administration.

5. Students absent on the day of assignment to Alternative Education are required to serve the Alternative Education on the next day back in school (if this day is Thursday, then the student is required to serve the following Monday. 5. Any misconduct or violation of school rules in designated parking areas may subject a student to further discipline in addition to any criminal penalty that may be imposed by law enforcement agencies.

G. SEARCH AND SEIZURE

School authorities are authorized to search a student or his/her property (including vehicles, purses, drawstring bags, gym bags, cell phones or other electronic device, etc.) with or without the student's consent, whenever the school authorities reasonably suspect that a search will lead to the discovery of evidence of a violation of law or of school rules. The extent of the search will be governed by the seriousness of the alleged infraction and the student's age. General housekeeping inspection of school property may be conducted with reasonable notice. Student lockers are the property of the District and students have no reasonable expectation of privacy in their contents or in the contents of any other District property including desks or other containers. School Officials may conduct random searches of lockers and their contents at any time without announcement. Unannounced and random canine searches may also be conducted.

The Jackson City School District, as part of its overall safety and security program, may request law enforcement agencies to assist in detecting the presence of illegal drugs and/or weapons in school. The district and/or law enforcement agency's officials are authorized by the Board of Education to use dogs trained in detecting the presence of drugs or weapons to patrol school facilities and premises. Such patrols may be random in nature or based on reasonable suspicion.

Therefore, this requirement can be met by completing any two seasons of athletics during the high school years. Under state regulations, you cannot earn more than the $\frac{1}{2}$ credits for physical education coursework. **If you intend on using this option to satisfy your PE requirement for graduation, you must notify the guidance department.**

VII. Student Discipline Code

A. STUDENT DISCIPLINE

1. The Board of Education of the Jackson City School District and its duly appointed representatives have the authority to make reasonable rules and regulations relative to the conduct of pupils in attendance at school, at school related functions and en route to and from school including provisions listed in Senate Bill #1. Such rules are made with the intent of creating a safe and orderly environment in which all students may learn. Students at Jackson High School/Jackson Middle School are expected above all to display a high degree of personal responsibility for their actions, and to treat all members of the school community with courtesy and respect.
2. Discipline assigned to a student, whether by individual teachers or the office, takes precedence over all other activities (e.g. make-up days, extra-curricular, personal appointments except for medical appointments). Failure to serve assigned discipline will result in more serious sanctions.
3. Violations of school rules may result in disciplinary actions. Such actions include, but may not be limited to, oral reprimand, denial of privileges (such as senior breakfast, senior assembly and participation in graduation), detention, removal from class/activity, alternative education, suspension or expulsion, and or possible notification to the Bureau of Motor Vehicles.
4. No discipline code can expect to be fully comprehensive. In the case of an action or incident not specifically listed in the following, the administration will be the final arbiter.
5. This discipline code includes:
 - a. Misconduct that occurs on school property or property that is owned by controlled by the school district, and occurs during curricular or extracurricular activities;
 - b. Misconduct by a student that occurs off school property but is connected to activities or incidents that have occurred on property owned or controlled by the school district; and
 - c. Misconduct by a student that, regardless of where it occurs, is directed at a district official or employee or the property of an official or employee.
6. The use of corporal punishment as a means of discipline in the Jackson City School District is prohibited. This rule does not prohibit the use of reasonable and necessary force or restraint in accordance with Ohio Revised Code Section 3319.41 for purposes such as quelling disturbance, threatening physical injury to others, obtaining possession of weapons or other dangerous objects for self-defense, or for the protection of persons or property.

B. SMOKING/VAPING

1. The Board of Education, in support of Jackson City ordinances which

prohibit tobacco use by minors within the city limits of Jackson, prohibits the use of tobacco by any pupil in any building, on the grounds of, or while in transit to or from Jackson High School and Jackson Middle School. Students identified by school officials using tobacco or tobacco substances may be subjected to the sanctions of the discipline code.

2. The first tobacco related incident will subject the student to three days' in school suspension. Second and subsequent incidents will result in increasing length of out of school suspension.
3. Students are not permitted to have any form of tobacco (e.g. cigarettes, snuff, loose tobacco, e-cigarettes) or tobacco paraphernalia (lighter, rolling papers, etc.) in their possession during school hours or at any school related activity. **"Vapor devices and other substitute forms of cigarettes whether they contain nicotine or not, are also prohibited."**

C. ALCOHOL AND DRUGS

1. The use or possession or being under the influence of alcohol or prescribed drugs in any building, on the school grounds of Jackson High School, Jackson Middle School or at any school related activity is prohibited.
2. The first alcohol or drug related incident will subject the student to 10 days' out of school suspension. A recommendation for expulsion may be made to the superintendent. A referral to the appropriate law enforcement agency may be made.
3. The first 10 day out of school suspension may be reduced to five (5) days out of school suspension provided that the student has an appointment with a certified dependency counselor within five (5) days of the suspension date. The student must participate in the assessment process (the cost of any and all assessments will be the responsibility of the student and/or parents) and follow the counselor's recommendations to completion. If treatment or counseling is recommended, it must be with an Ohio-certified chemical dependency counselor. The student must waive his or her rights of confidentiality so that verification of this assessment and a written report can be given to the principal or the principal's designee. It is the responsibility of the student and parents to keep the principal or the principal's designee apprised of the student's progress throughout this entire process.

D. SUSPENSION OR EXPULSION

1. Alternative Learning Center. Assignment to the Alternative Learning Center **outside of the district will come as a result of a student failing to serve school assigned discipline or infractions that warrant the assignment based on severity of the incident. Assignment to the Alternative Learning Center will be at the discretion of the administration. Transportation will be provided and is mandatory to and from the Alternative Learning Center.** Such a suspension may not be appealed. An Alternative Learning Center is defined as one where the student serves all of the suspension in a school setting.
2. Suspension from School. When a student is being considered for a

suspension, the administrator in charge will notify the student of the basis for the proposed suspension. The student will be given an opportunity to explain his/her view of the underlying facts. After that informal hearing, the Principal (or assistant Principal or other administrator) will determine whether or not to suspend the student. If the decision is made to suspend the student, he/she and his/her parents will be given written notification of the suspension within one (1) day setting forth the reason for the suspension, the length of the suspension, and the process for appeal. The suspension may be appealed, within ten (10) days after receipt of the suspension notice to the Superintendent. The request for an appeal must be in writing. During the appeal process, the student shall not be allowed to remain in school.

Students whose behavior poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process may be immediately removed on an emergency basis, prior to a hearing opportunity. As soon as possible after the emergency removal, and within three days thereof, a hearing will take place, if said emergency removal exceeds one (1) day.

No notice of hearing is required in cases of normal disciplinary procedures in which a student is removed from a curricular activity for a period of less than one school day and is not subject to an out-of-school suspension or expulsion.

***As suspensions out of school are considered "Excused Absences", the student may make up work that is missed during that time period. The responsibility for gathering said work from respective teachers lies with the student. A student may complete work for a maximum of 70%.**

3. Expulsion from School. The expulsion of students from school is a very serious matter. The superintendent of schools may expel students from school.

When a student is being considered for expulsion, the student and parent will be provided with a formal notice of the proposed expulsion. This written notice will include the reasons for the intended expulsion, notification of the opportunity to appear in person before the Superintendent or the Superintendent's designee to challenge the reasons for the expulsion and/or explain the student's action, and notification of the time and place to appear. Students being considered for expulsion may or may not be removed immediately. A formal hearing will be scheduled no earlier than three (3), or no later than five (5) school days after the notice is given. Parents may request an extension of time for the formal hearing. The student may be represented by his/her parents, legal counsel, and/or by a person of his/her choice at the hearing.

In accordance with Board Policy 5610, the Superintendent shall initiate expulsion proceedings against a student who has committed an act that warrants expulsion under Board policy even if the student withdraws from school prior to the hearing or decision to impose the expulsion. The expulsion will be imposed for the same duration that it would have been had the student remained enrolled. If a

student is expelled, the student and the student's parents will be provided with written notice within one (1) school day of the imposed expulsion. The notice will include the reasons for the expulsion, the right of the student, of the student's parent(s)/guardian(s) or custodian(s) to appeal the expulsion to the Board of its designee, the right to be represented in all appeal proceedings, the right to be granted a hearing before the Board or its designee and the right to request that the hearing be held in executive session.

Within ten (10) days after the Superintendent notifies the parents of the expulsion, the expulsion may be appealed, in writing, to the Board of Education or its designee. A hearing on the requested appeal will be formal with an opportunity for sworn testimony. If the expulsion is upheld on appeal, a student's parents may pursue further appeal to the court of Common Pleas.

Students serving expulsion will not be awarded grades or credit during the period of expulsion. Expulsion for certain violations including use or possession of alcohol or drugs, may result in revocation of student's driver's license. When a student is expelled, the Superintendent will notify any college in which the expelled student is enrolled under the Postsecondary Enrollment Option at the time the expulsion is imposed. (3313.66 O.R.C.)

K. JACKSON CITY SCHOOLS ATHLETIC AND EXTRACURRICULAR ACTIVITY CODE OF CONDUCT (including Marching Band):

Students are volunteering to participate in the interscholastic athletic program or extracurricular activities are expected to accept the responsibilities granted them. Athletes and extracurricular activity participants are expected to be committed to the high degree of conduct outlined by the Athletic and Extracurricular Activity Code of Conduct throughout the entire school year. **It is a privilege, not a right,** to represent the Jackson City Schools as an athlete or extracurricular activity participant. As a representative of the Jackson City Schools, an athlete or extracurricular activity participant is expected to make the appropriate choices in his/her personal conduct and lifestyle. If a student elects to be an athlete or extracurricular activity participant, the student has chosen to make a commitment. **This code of conduct is applicable the entire year (12 month period), at all times.** This code of conduct is applicable to all athletes and extracurricular activity participants in grades 7 through 12. Athletes and extracurricular activity participants are advised that violations of this code of conduct are cumulative beginning in 7th grade and continuing through 8th grade. After completion of the eighth grade, all previous violations are expunged from the student athlete's or extracurricular activity participant's file. He/she will begin ninth grade with a clean file. Violations will be cumulative once again beginning with the 9th grade and continuing through the 12th grade. **This code of conduct is in effect from the first time the student athlete or extracurricular activity participant signs the consent forms for participation in athletics and/or extracurricular activities until he/she leaves the Jackson City School system.**

SCHOLARSHIP

In order to be eligible for athletics, a student in grades 9, 10, 11, or 12 must be currently enrolled and must have been enrolled in school immediately preceding the grading period and have received passing grades during that grading period in subjects that earn a minimum of 5.0 credits, or the equivalent, per year toward graduation. A student also must earn a minimum 2.0 grade point average for that grading period. Grades 7 and 8 must pass a minimum of 5 subjects and earn a 2.0 grade point average for that grading period.

The eligibility or ineligibility of a student continues until the start of the fifth school day of the next grading period at which time the immediately preceding grading period grades become applicable. *(EXCEPTION: At the start of the fall sports season, the first grading period is considered to have started insofar as this.)*

A student enrolled in the first grading period after advancement from the eighth grade (incoming freshmen) must have passed 75% of those subjects carried the preceding grading period in which the student was enrolled. A student also must earn a minimum 2.0 grade point average for that grading period.

A student serving an in-school suspension is **NOT** eligible for any athletic contests or extracurricular activity scheduled events that day. He/she also ordinarily is not permitted to participate in athletic practice and/or extracurricular activity meetings, but the individual's coach or extracurricular activity advisor will determine whether the athlete or extracurricular activity participant is to attend and observe practice and/or group meetings.

Any athlete or extracurricular activity participant serving an out of school suspension is **NOT** eligible to participate in any athletic contests or practices or

extracurricular activity scheduled events or meetings until the suspension is over. This also includes attending practice to observe and traveling with the team.

Any student-athlete or extracurricular activity participant ruled academically ineligible is not eligible to practice or attend activity meetings or events if the season is completed before he/she can become academically eligible. *(Example: If an athlete is ineligible due to his/her fourth and final grading period of the previous school year and he/she wants to practice in a fall sport, he/she is not eligible to practice because the season would be completed before he/she has had the chance to become academically eligible again.)*

RULE 1: STUDENT-ATHLETES AND EXTRACURRICULAR ACTIVITY PARTICIPANTS AT JACKSON CITY SCHOOLS WILL COMPLY WITH ALL ELIGIBILITY REQUIREMENTS OF THE JACKSON CITY SCHOOLS AND ANY GOVERNING AGENCY, SUCH AS THE OHIO HIGH SCHOOL ATHLETIC ASSOCIATION, INCLUDING, BUT NOT EXCLUSIVE TO, THOSE REQUIREMENTS PERTAINING TO AGE, SCHOLARSHIP, RESIDENCY AND ATTENDANCE.

RULE 2: STUDENT-ATHLETES AND EXTRACURRICULAR ACTIVITY PARTICIPANTS AT JACKSON CITY SCHOOLS WILL NOT USE AND OR POSSESS OR BE IN THE SAME LOCATION AS ILLICIT OR BANNED SUBSTANCES AS DEFINED IN THE DRUG TESTING POLICY, OR OTHER CONTRABAND SUBSTANCES INCLUDING "LOOK-ALIKE" (COUNTERFEIT) DRUGS:

A. ANY TOBACCO PRODUCTS IN ANY FORM (I.E., CIGARETTES, CIGARS, SNUFF, CHEWING TOBACCO, ETC.)

FIRST VIOLATION (i.e., TOBACCO AND RELATED PRODUCTS):

1. The athlete or extracurricular activity participant will be denied participation for 20% of the season. This means 20% of the contests or scheduled events.
2. If the individual athlete is not suspended from school during the 20% period, the athlete or extracurricular participant may continue to practice with the team only to prevent him/her from losing all his/her physical or other conditioning.
3. The athlete or extracurricular activity participant may attend professional counseling/assessment with an outside assessment from a qualified assessment person or team. The nature of the assessment is at the discretion of the hearing committee. The athlete's or extracurricular activity participant's denial of participation may be reduced from 20% to 10% upon enrollment and active participation in a counseling/assessment program to be approved by the athletic administration (or extracurricular activity advisor, as appropriate). This counseling/assessment program will be at least three (3) sessions in duration.

SECOND VIOLATION (i.e., TOBACCO AND RELATED PRODUCTS):

1. The athlete or extracurricular activity participant will be denied participation for 50% of the season. This means 50% of the contests or scheduled events.
2. If the individual athlete is not suspended from school during the 50% period, the athlete or extracurricular participant may continue to practice with the team only to prevent him/her from losing all his/her physical or other conditioning.
3. The athlete or extracurricular activity participant must attend professional

counseling/assessment with an outside assessment from a qualified assessment person or team. The nature of the assessment is at the discretion of the hearing committee. The athlete or extracurricular activity participant must complete the assessment process or he/she is denied participation from participating in athletics and/or extracurricular activities until he/she does so.

THIRD VIOLATION (i.e., TOBACCO AND RELATED PRODUCTS):

1. The athlete or extracurricular activity participant will be denied participation from athletic and/or extracurricular activity participation for a full calendar year.
2. The athlete or extracurricular activity participant must attend professional counseling/assessment with an outside assessment from a qualified assessment person or team. The nature of the assessment is at the discretion of the hearing committee. The athlete or extracurricular activity participant must complete the assessment process or he/she will be denied participation from participating in athletics and/or extracurricular activities until he/she does so.

B. DRUGS (NARCOTICS, HALLUCINOGENS, INTOXICANTS OR COUNTERFEIT DRUGS), CONTROLLED SUBSTANCES, PRESCRIPTION DRUGS (UNAUTHORIZED), DRUG PARAPHERNALIA, ALCOHOLIC BEVERAGES OR OTHER INTOXICANTS AT ANY TIME

FIRST VIOLATION (i.e., DRUGS, ALCOHOL):

1. The athlete or extracurricular activity participant will be denied participation for 50% of the season. This means 50% of the contests or events.
2. If the individual is not suspended from school during the 50% period, the athlete or extracurricular participant may continue to practice with the team only to prevent him/her from losing all his/her physical or other conditioning.
3. The athlete or extracurricular activity participant may attend professional counseling/assessment with an outside assessment from a qualified assessment person or team. The nature of the assessment is at the discretion of the hearing committee. The athlete's or extracurricular activity participant's denial of participation may be reduced from 50% to 20% upon enrollment and active participation in a counseling/assessment program to be approved by the athletic administration (or extracurricular activity advisor, as appropriate). This counseling/assessment program will be at least three (3) sessions in duration.

SECOND VIOLATION (i.e., DRUGS, ALCOHOL)

1. The athlete or extracurricular activity participant will be denied participation from athletic and/or extracurricular activity participation for a full calendar year.
2. The athlete or extracurricular activity participant must attend professional counseling/assessment with an outside assessment from a qualified assessment person or team. The nature of the assessment is at the discretion of the hearing committee. The athlete or extracurricular activity participant must complete the assessment process or he/she will be denied participation from participating in athletics and/or extracurricular activities until he/she does so.

THIRD VIOLATION (i.e., DRUGS, ALCOHOL)

At the time an athlete has a third violation of these rules, the result of said violation will be forfeiture of participation in any sport or extracurricular activity for the remainder of his/her high school career.

NOTE: If denial of participation occurs outside the athlete's season or outside the

regular school year, the same rules apply. Denial of participation would take place at the beginning of the athlete's season, at the beginning of his/her next sport season, or, in the case of an extracurricular activity participant, at the beginning of the next activity. Also, if the suspension occurs toward the end of an athlete's season or the extracurricular activity participant's activities and the number of games or scheduled activity events left is less than the percent of the denial of participation, then the denial of participation will carry over into the next sport season extracurricular activity in which he/she participates. The athlete or extracurricular activity participant must complete the next sport season (for athletes) and/or activity season (for extracurricular activity participants) in good standing in order for the denial of participation to be considered completed.

Sports seasons are determined by the OHSAA.

NOTE: Students participating in interscholastic athletics and/or extracurricular activities are also subject to testing for illicit or banned substances as described in the Jackson City Schools' Drug Testing Policy (applicable to student athletic and extracurricular activity participants), as provided in that policy. Violations of this Rule 2.B. (i.e., all drug or alcohol violations other than tobacco-related) may be determined as a result of a drug test conducted pursuant to that policy and/or as a result of a coach's, assistant coach's team or activity advisor's, Athletic Director's, school administrator's or other licensed school staff member's observations of, or credible and reliable information received about, a student athlete or extracurricular activity participant (i.e., even without a drug test result). A positive drug test under the drug testing policy will result in the procedures for denial of the student's participation in athletics and/or extracurricular activities under this policy and the drug testing policy. Use of illicit or banned substances in violation of the student code of conduct (i.e., found from evidence *other than* drug and alcohol testing as provided in the Jackson City Schools' Drug Testing Policy for student athletes and extracurricular activity participants) shall subject the student to discipline under the student code of conduct as well, including possible suspension and/or expulsion from school.

RULE 3: STUDENT ATHLETES AT JACKSON CITY SCHOOLS WILL BE WELL- GROOMED FOR ALL ATHLETIC CONTESTS, AND STUDENT EXTRACURRICULAR ACTIVITY PARTICIPANTS AT JACKSON CITY SCHOOLS WILL BE WELL-GROOMED FOR ALL SCHEDULED EXTRACURRICULAR ACTIVITY EVENTS.

A. No hairstyle shall be displayed that will bring individual attention to the student-athlete or extracurricular activity participant (examples: mohawk, spiked hair, purple hair, etc.)

B. Student participants will wear appropriate clothing for all practices, meetings, team or event gatherings of any type, and for all scheduled contests or events.

Violation of this rule will be determined by the coaching staff (or extracurricular activity advisor) and/or administration and will result in a **denial of participation** from athletic contests and/or extracurricular activities until grooming is corrected.

RULE 4: STUDENT-ATHLETES AND EXTRACURRICULAR ACTIVITY PARTICIPANTS AT

JACKSON CITY SCHOOLS WILL MEET ALL OBLIGATIONS OF THEIR PREVIOUS SPORT OR ACTIVITY.

Any student who has an obligation from a previous sport or extracurricular activity may not start practice for another sport or activity until all previous obligations are met.

RULE 5: STUDENT-ATHLETES AND EXTRACURRICULAR ACTIVITY PARTICIPANTS AT JACKSON CITY SCHOOLS WILL FOLLOW THE STUDENT CODE OF CONDUCT IN THE STUDENT HANDBOOK.

A. All student participants in the Jackson City Schools athletic/activity program(s) will follow all guidelines and rules set forth by the Ohio High School Athletic Association and other applicable sanctioning or governing bodies applicable to their sport or activity, and at all times must abide by the standards of conduct set forth in the Jackson City Schools Student Handbook.

B. **"Criminal Activity":** Student athletes and extracurricular activity participants at Jackson City Schools may be subject to disciplinary action by the school administration, athletic director, and/or coach or advisor if they are involved in any type of criminal activity.

RULE 6: COACHES OR ACTIVITY ADVISORS MAY SET ADDITIONAL RULES, APPROVED BY THE ATHLETIC DIRECTOR, TO BE SIGNED BY THE PARENT/GUARDIAN AND THE STUDENT PARTICIPANT.

RULE 7: DURING A STUDENT-ATHLETE'S OR EXTRACURRICULAR ACTIVITY PARTICIPANT'S DENIAL OF PARTICIPATION (NOT OUT OF SCHOOL DISCIPLINARY SUSPENSION), THE STUDENT-ATHLETE OR ACTIVITY PARTICIPANT WILL BE ALLOWED TO PRACTICE WITH THE TEAM OR ATTEND MEETINGS OR PRACTICES OF THE ACTIVITY, AT THE DISCRETION OF THE COACH OR ACTIVITY ADVISOR, AS APPLICABLE, ONLY IF, RESUMPTION OF PLAY OR SCHEDULED EVENTS FOR THE EXTRACURRICULAR ACTIVITY WILL OCCUR BEFORE THE END OF THE SEASON. THE STUDENT PARTICIPANT WILL NOT BE ALLOWED TO TRAVEL WITH THE TEAM OR ACTIVITY GROUP, DRESS, OR PARTICIPATE IN AN ATHLETIC EVENT, CONTEST OR SCHEDULED EXTRACURRICULAR ACTIVITY EVENT. THIS ALSO INCLUDES NO PARTICIPATION IN PARENT'S NIGHT OR BANQUETS OR AWARDS CEREMONIES DURING A DENIAL OF PARTICIPATION PERIOD.

RULE 8: DURING A **DENIAL OF PARTICIPATION FOR THE REMAINDER OF A SEASON OR FOR A FULL CALENDAR YEAR**, THE STUDENT-ATHLETE OR EXTRACURRICULAR ACTIVITY PARTICIPANT WILL NOT BE ALLOWED TO BE A PART OF THE JACKSON CITY SCHOOLS INTERSCHOLASTIC ATHLETIC AND/OR EXTRACURRICULAR ACTIVITY PROGRAM.

RULE 9: THE COACH OR ACTIVITY ADVISOR MAY REMOVE AN ATHLETE OR EXTRACURRICULAR ACTIVITY PARTICIPANT, AS THE CASE MAY BE, FROM THE TEAM OR ACTIVITY GROUP FOR ANY INFRACTION OF THE RULES FOUND IN THE JACKSON CITY SCHOOLS ATHLETIC AND EXTRACURRICULAR ACTIVITY CODE OF CONDUCT.

RULE 10: THE ATHLETIC DIRECTOR WILL DETERMINE WHETHER A VIOLATION OF THE JACKSON HIGH SCHOOL ATHLETIC AND EXTRACURRICULAR ACTIVITY CODE OF CONDUCT HAS OCCURRED BASED ON A REVIEW OF THE TOTALITY OF THE AVAILABLE, CREDIBLE EVIDENCE PERTAINING TO AN ALLEGATION OF A VIOLATION

BY AN INDIVIDUAL STUDENT.

RULE 11: STUDENT ATHLETES AND EXTRACURRICULAR PARTICIPANTS SHALL CONSISTENTLY REPRESENT THE JACKSON CITY SCHOOL DISTRICT IN A POSITIVE MANNER THAT SIGNIFIES GOOD CITIZENSHIP. CITIZENSHIP IS DEFINED AS THE QUALITY OF AN INDIVIDUAL'S RESPONSE TO A MEMBERSHIP COMMUNITY. AS A STUDENT ATHLETE AND EXTRACURRICULAR PARTICIPANT, YOU ARE A MEMBER OF THE JACKSON CITY SCHOOL DISTRICT'S ATHLETIC COMMUNITY. WITH THIS RESPONSIBILITY COMES THE EXPECTATION THAT YOU WILL ACT ACCORDINGLY. IN THE EVENT A STUDENT ATHLETE FAILS TO ACT APPROPRIATELY, RESPOND TO SITUATIONS THAT MAY ARISE IN A POSITIVE MANNER, OR UPHOLD THE STANDARDS SET BY THE ATHLETIC DEPARTMENT AND THE CODE OF CONDUCT; AN ADMINISTRATIVE DECISION MAY BE MADE TO REMOVE YOU FROM YOUR TEAM OR ORGANIZATION OR PROHIBIT YOU FROM PARTICIPATION. ALWAYS KEEP IN MIND YOU ARE REPRESENTING JACKSON CITY SCHOOLS 24 HOURS A DAY, SEVEN DAYS A WEEK BOTH ON AND OFF THE PLAYING ARENA.

RULE 12: ANY PARENT OR GUARDIAN WANTING TO SPEAK WITH A COACH ABOUT THE DEVELOPMENT OF THEIR SON/DAUGHTER MUST FIRST CONTACT THE COACH NO EARLIER THAN 24 HOURS AFTER THE CONTEST/PRACTICE FOR AN APPOINTMENT TO DO SO. PARENTS/GUARDIANS ARE NOT TO APPROACH COACHES AFTER A GAME OR PRACTICE BUT CAN DISCUSS DEVELOPMENT IN A MEETING WITH THAT COACH. UPON COMPLETION OF THE MEETING WITH THE COACH, THE PARENTS/GUARDIANS MAY REQUEST A MEETING WITH THE COACH AND ATHLETIC DIRECTOR.

IT IS IMPORTANT TO REMEMBER THAT TWO TOPICS WILL NOT BE DISCUSSED:

1. PLAYING TIME
2. ANOTHER PLAYER

When a student is notified of an extracurricular or athletic denial of participation, the athletic director or other designated administrator shall inform the student's parent or guardian and offer the parent or guardian and student the opportunity to meet with the appropriate staff members concerning the denial of participation. **Such a conference, if conducted, shall be for the purpose of exchanging relevant information and viewpoints, and shall be informal in nature. The conference ordinarily will not include the calling of witnesses and shall not involve the cross-examination of school personnel.**

DRUG TESTING OF JACKSON CITY SCHOOL STUDENTS PARTICIPATING IN EXTRACURRICULAR ACTIVITIES AND INTERSCHOLASTIC SPORTS

OVERVIEW

An independent drug-testing vendor selected by the Board of Education will perform random (and any initial and/or any reasonable suspicion based) drug testing of student athletes and students participating in extracurricular activities. After any initial pre-season or pre-participation drug testing of all (or a randomly selected portion of all) students participating in extracurricular activities and/or interscholastic sports, the Athletic Director will randomly select up to 10% of eligible student athletes and will randomly select up to 10% of eligible students participating in extracurricular activities for drug testing at regular intervals during the athletic season or season of extracurricular activity participation. The vendor will send qualified collectors to the school that will oversee the collection of all specimens as outlined in this document. Results are reported to the Athletic Director by the vendor. Specimens are collected as split specimens. If the sample is positive, the student will fall under the rules and regulations found in the Jackson City Schools Athletic and Extracurricular Activity Code of Conduct.

Students who participate in interscholastic sports or extracurricular activities in the Jackson City Schools are subject to the prohibition on illegal drug and alcohol use at all times - 24 hours per day, 7 days per week, during the entire year.

1. STATEMENT OF NEED AND PURPOSE

Observed and suspected use of alcohol and illicit drugs by Jackson City School District students, including student athletes and students participating in extracurricular activities, is increasing. A program of deterrence of student athlete/extracurricular student drug use through drug testing will be instituted as a proactive approach to a truly drug-free school, in an effort to prevent drug abuse and the associated problems for students' education, health and safety. The purpose of this program is threefold: (1) to provide for the health and safety of all student athletes and extracurricular activity participants; (2) to undermine the effects of peer pressure by providing a legitimate reason for student athletes and extracurricular activity participants to refuse to use illegal drugs; and (3) to encourage student athletes and extracurricular activity participants who use drugs to participate in drug treatment programs. This program is designed to create a safe, drug-free, environment for student athletes and extracurricular activity participants and an environment conducive to learning for all in the Jackson City Schools.

2. SUPPORTING LEGAL AUTHORITY

Random drug testing of public school interscholastic athletic participants and extracurricular activity participants is legally permissible, as determined by the United States Supreme Court in the respective cases of *Vernonia School District 4 7J v. Acton*, 515 U.S. 646 (1995), and *Board of Education of Independent School District No. 92 of Potlwatotomie County v. Earls*, 536 U.S. _ (June 27,2002).

3. DEFINITIONS

Vendor - The medical office or company selected by the Board of Education to carry out the policy and procedure.

Athletic Director - The individual hired by the school or district to oversee all athletic programs of the school or district.

Extracurricular Activity Advisor - The individual hired or selected by the board of education or its administration to oversee/supervise the extracurricular activity in question.

Illicit Substance - A drug classified by the Drug Enforcement Administration (DEA) as being available only by prescription from a physician or classified as being controlled and having no therapeutic use. Illicit substances include any controlled substance or other illegal drug referenced and included within the scope of Title 21, United States Code, Sections 802 and 812 (or any successor provision thereto), the possession, use, distribution or purchase of which is prohibited by federal and/or state law.

Student Athlete - A qualified student participating on a sanctioned athletic team as defined by the Ohio High School Athletic Association. This may include cheerleaders as well.

Student Extracurricular Activity Participant - A qualified student participating in an extracurricular activity for which a consent for drug testing is required.

Extracurricular activities do not afford the student any academic credit toward the regular school program.

SAMHSA - Substance Abuse and Mental Health Services Administration; a governmental agency that certifies toxicology laboratories that perform drug testing following strict guidelines and constant quality assurance programs.

GC/MS - Gas Chromatography/Mass Spectroscopy; a scientific process to identify specific chemical compounds. A molecular fingerprint is obtained that identifies a chemical compound.

Chain-of-Custody Form - A preprinted form provided by the testing laboratory that records all contact with the provided specimen. The form is initiated by the collector and donor then follows with the specimen until the results are certified by the testing scientist and forwarded to the District.

Adulterant/Adulteration - Any attempt to alter the outcome of a urine drug test by adding a substance to the sample, attempting to switch the sample, or otherwise interfere with the detection of illicit or banned substances in the urine.

Reasonable Suspicion - individualized reasonable suspicion of wrongdoing committed by the student to be subjected to the test.

4. PROCEDURES FOR STUDENT ATHLETES AND EXTRACURRICULAR ACTIVITY PARTICIPANTS

A. Informed Consent for Testing

Before participating in any athletic or extracurricular activities, each student participant and the parents/guardians of each will complete and sign the "Jackson City Schools Athletic and Extracurricular Activity Code of Conduct and Expectations Informed Consent Agreement," which includes consent to drug testing and release

of information as provided in this policy. No student may participate in practice, competition or extracurricular activity until this Agreement is properly executed and on file with the Athletic Director. Once properly executed, this Agreement shall be effective for the student's entire career and for participation in any athletic or extracurricular activity offered by the Jackson City Schools, unless properly revoked in writing. If the Agreement is revoked, the student will not be eligible to participate in athletics or extracurricular activities in the Jackson City Schools.

B. Urine Drug Testing Frequency

Pre-Season (or Pre-Participation) Testing:

At the beginning of each sport season or the beginning of each school year, or when a student moves into the district and joins a sport or extracurricular activity, all student athletes and student extracurricular activity participants wishing to participate in that season sports and/or any extracurricular activity that year may be subject to urine testing for illicit or banned substances. The District may instead test a randomly selected sample of students for pre-season testing. The District reserves the right to require such initial testing for illicit or banned substances at the beginning of a school year or season. (In the event the District does not conduct such initial testing at the beginning of a particular school year or sports' season, the District may conduct such testing at the beginning of a subsequent sports' season or school year. Random testing may be conducted throughout the sports' season or school year even if the District does not conduct initial drug testing at the beginning of a season or school year.)

Random, Suspicionless Testing:

Up to 10% of eligible student athletes and up to 10% of eligible student extracurricular activity participants may be randomly tested at any time throughout each sport season or school year (in the case of extracurricular activities). Any student who refuses to submit to urine drug testing will not be allowed to practice or participate in athletics or extracurricular activities at Jackson City Schools.

Reasonable Suspicion Based Testing:

The District reserves the right to require individual student participants in interscholastic sports or extracurricular activities to undergo drug testing based on individualized, reasonable suspicion of the student being under the influence of drugs or alcohol. The determination of whether to require a "reasonable suspicion" test will be made by a coach, assistant coach, team or activity advisor, Athletic Director, or a licensed school staff member whose observation of a student or credible information about a student provides a reasonable basis for suspicion that the student has recently used or is under the influence of illicit or banned substances in violation of the Athletic and Extracurricular Code of Conduct and/or this policy. (The sample collection procedures for Reasonable Suspicion Testing will be the same as for Random Testing, except that the student may be required to report to an off-site facility of the District's testing laboratory vendor for the sample to be provided.) The student's parents will be responsible immediately to transport or arrange for immediate transportation of the student to an off-site facility. Failure to do so shall result in the same consequence as a refusal to submit to drug testing.

Students who participate in interscholastic sports or extracurricular activities are subject to testing pursuant to this policy at all times.

"OPT IN" STUDENT DRUG TESTING PROGRAM

- Jackson City Schools is pleased to provide access to student drug testing at the request of the parents or legal guardian. With our Opt In student drug testing program we allow students not currently involved with extracurricular activities, as requested by parents within our school districts, to participate in the district's random student drug testing program. Results are 100% confidential and reporting goes directly to the parents. Jackson City Schools will pay for the cost of the "Opt In" Student Drug Testing Program.

How the program works

- The parent/guardian can obtain our Opt In student drug testing consent within your district's office. Read and sign the Informed Consent Agreement. The student must also sign this agreement. Turn in the signed agreement. Identification of students may be required at the time of testing. Upon completion of the testing, the Medical Review Officer will finalize results and will notify the parent/guardian of any positive testing results. Results will not be released to any other party without written consent of the parent/guardian. If a positive test result occurs, the parent/ guardian may request counseling or follow up testing within the program.
- Our Opt In program is available to any student who is enrolled within the district. The chosen vendor or representatives from Jackson City Schools will not attempt to diagnose substance abuse problems. We only want to provide another tool to parents and guardians in making informed decisions on what might need to be done to help their children.

SELF REPORTING

A student may self-report to school officials prior to providing what they believe will be a positive sample. Upon admission, the parent/guardian will be contacted immediately by school officials for consent and written documentation. At consent, this waives the right to provide a sample. This action does count as that student's first offense and carries with it all counseling and other service requirements imposed by district policy. However, in doing so, self reporting waives the suspension period, pending all other requirements above have been met. Self reporting must occur prior to providing a sample, if admission occurs after a sample is collected, regular testing policies and procedures will be followed.

A student may only self report one (1) time during grades 7-8, and one (1) time during grades 9-12.

C. Sample Collection

Samples will be collected as outlined under Vendor Requirements, paragraph 6 below. Any eligible student athlete or extracurricular activity participant selected randomly for urine drug testing who is not in school on the day of testing will be tested at the next available testing time. Any student unable to produce an adequate specimen of urine during the collection period, after consuming up to 16

ounces of water and waiting up to 60 minutes, will not be allowed to practice or compete in any scheduled competitions or participate in scheduled activities until the required testing is completed. Students who do not provide an adequate urine specimen at the next testing time will be viewed as refusing to test and subject to this Policy's actions in that regard. Arrangements may be made for special collections at a vendor collection site with prior approval of the building principal or Athletic Director.

5. CONFIDENTIALITY OF RESULTS

All drug test results will be made available only to the Athletic Director, and to the Coach and/or Assistant Coach(s), Team Advisor(s) and/or to the Superintendent and/or his/her designee, and/or to the Principal and/or Assistant Principal(s) of the school in which the student is enrolled, and such other school district personnel as have a need to know the test result, as well as to the student's parent or guardian and the student.

6. VENDOR REQUIREMENTS

The vendor will provide the following services:

A. Collection of Urine Specimens

The vendor will oversee the collection process. **A trained and certified laboratory technician employed by the selected vendor will be available for onsite urine collections. For urinalysis testing, the laboratory technician will stand outside of the testing area, but in proximity as to listen for the normal sounds of urination while the sample is produced.** The vendor will provide Chain of Custody forms and kits. One copy will be retained for the vendor and one will go to the Athletic Director, as appropriate.

Any student who is taking medication that may affect the result of a drug test must provide a copy of the prescription or a doctor's authorization for the medication or list the medication by prescription name on paper, place that information in a sealed envelope, and provide the sealed envelope to the laboratory technician prior to testing. The envelope will be opened by the laboratory only in the event of a positive test.

B. Testing of Urine Specimens

The vendor will test all specimens onsite immediately. All specimens will be initially tested by a highly accurate immunoassay technique with all presumptive positive results going for confirmation to an outside (SAMHSA) and (HHS) certified laboratory and confirmed by (GC/MS) Gas Chromatography/Mass Spectroscopy confirmatory test. (The District reserves the right to test the specimen for any illicit or banned substance.)

Initial results will be given to the Athletic Director at the time of testing. Results from specimens sent for confirmation will be forwarded to the Athletic Director as soon as they are received from the laboratory.

C. Access to Drug Test Results

The vendor may not release any drug test results to any person or organization (other than those school district personnel specified in this policy) without written permission of the Jackson High School Athletic Director or the Superintendent. Any such permission will be granted in accordance with this policy and other applicable legal requirements.

7. PROCEDURES IN THE EVENT OF A POSITIVE RESULT

A. Whenever a student athlete's or student extracurricular activity participant's test result indicates the presence of illicit or banned substances, or that the specimen is adulterated, the following will occur.

1. Within 24 hours, **the drug-testing vendor** will notify the parent/guardian/custodian first, then the student, of any positive results. A written notification, from the Athletic Director by form letter will be sent to the parent/guardian/custodian by certified mail. The Athletic Director may keep all test results during the time that the student is in attendance at the Jackson City Schools. Test results are to be maintained separate from the student's education records and in a manner so as to limit access to such results in accordance with this policy.
2. The student will be notified and be required to submit weekly urine specimens, via the vendor, for five weeks after the positive test result.
3. All positive results are automatically sent to another laboratory for testing.

4A. First Positive Result

For the first positive result, the Jackson City Schools Athletic and Extracurricular Activity Code of Conduct procedure and consequences for an initial drug or alcohol violation (in Rule 2.B.) will apply.

4B. Second Positive Result

For the second positive result, the Jackson City Schools Athletic and Extracurricular Activity Code of Conduct procedure and consequences for a second drug or alcohol violation (in Rule 2.B.) will apply.

8. ILLICIT OR BANNED SUBSTANCES

For the purpose of this policy, the District may test for any of the following drug classes, substances or their metabolites, which are included within illicit substances and/or banned substances under this policy:

Alcohol, Amphetamines, Anabolic Steroids, Barbiturates, Benzodiazepines, Cocaine Metabolites, LSD, Marijuana Metabolites, Methadone, Methaqualone, Opiates, Phencyclidine, Propoxyphene.

5517.01 - BULLYING AND OTHER FORMS OF AGGRESSIVE BEHAVIOR

Definitions of Terms:"Harassment, Intimidation, or Bullying" means any intentional written, verbal, graphic, or physical act that a student or group of students exhibited toward another particular student more than once and the behavior both:

- A. causes mental or physical harm to the other student; and
- B. is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student.

"Harassment, Intimidation, or Bullying" also means electronically transmitted acts i.e., Internet, cell phone, personal digital assistant (PDA), or wireless handheld device that a student has exhibited toward another particular student more than once and the behavior both:

- A. causes mental or physical harm to the other student/school personnel; and
- B. is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student.

"Harassment, Intimidation, or Bullying" also includes violence within a dating relationship.

In evaluating whether conduct constitutes harassment, intimidation, or bullying, special attention should be paid to the words chosen or the actions taken, whether such conduct occurred in front of others or was communicated to others, how the perpetrator interacted with the victim, and the motivation, either admitted or appropriately inferred.

A school-sponsored activity shall mean any activity conducted on or off school-property (including school buses and other school-related vehicles) that is sponsored, recognized, or authorized by the Board of Education.

Types of Conduct

Harassment, intimidation, or bullying can include many different behaviors including overt intent to ridicule, humiliate, or intimidate another student. Examples of conduct that could constitute prohibited behaviors include:

- A. physical violence and/or attacks;
- B. threats, taunts, and intimidation through words and/or gestures;
- C. extortion, damage, or stealing of money and/or possessions;
- D. exclusion from the peer group or spreading rumors;
- E. repetitive and hostile behavior with the intent to harm others through the use of information and communication technologies and other web-based/online sites (also known as "cyber-bullying"), such as the following:

1. posting slurs on websites where students congregate or on weblogs (personal online journals or diaries);
2. sending abusive or threatening instant messages;
3. using camera phones to take embarrassing photographs of students and posting them on-line/or otherwise distributing them;
4. using web sites to circulate gossip and rumors to other students; and,
5. excluding others from an online group by falsely reporting them for inappropriate language to Internet Service Providers.

F. violence within a dating relationship.

The following procedures shall be used for reporting, investigating, and resolving complaints of aggressive behavior and/or bullying.

Complaint Procedures

Building principals, assistant principals, and the Superintendent have the responsibility for conducting investigations concerning claims of aggressive behavior and/or bullying. The investigator(s) shall be a neutral party having had no involvement in the complaint presented.

Any student, employee or third party who has knowledge of conduct in violation of Policy 5517.01 or feels s/he has been a victim of aggressive behavior and/or bullying in violation of Policy 5517.01 shall immediately report his/her concerns.

Teachers and other school staff who witness acts of harassment, intimidation, or bullying, as defined above, shall promptly notify the building principal and/or his/her designee of the event observed, and shall promptly file a written incident report concerning the events witnessed. Teachers and other school staff who receive student or parent reports of suspected harassment, intimidation, and bullying shall promptly notify the building principal and/or his/her designee of such report(s). If the report is a formal, written complaint, such complaint shall be forwarded promptly (no later than the next school day) to the building principal or his/her designee. If the report is an informal complaint by a student that is received by a teacher or other professional employee, s/he shall prepare a written report of the informal complaint which shall be promptly forwarded (no later than the next school day) to the building principal or his/her designee.

In addition to addressing both informal and formal complaints, school personnel are encouraged to address the issue of harassment, intimidation, or bullying in other interactions with students. School personnel may find opportunities to educate students about harassment, intimidation, and bullying and help eliminate such prohibited behaviors through class discussions, counseling, and reinforcement of socially appropriate behavior. School personnel should intervene promptly whenever they observe student conduct that has the purpose or effect of ridiculing,

humiliating, or intimidating another student even if such conduct does not meet the formal definition of "harassment, intimidation, or bullying."

All complaints will be promptly investigated in accordance with the following procedures:

- Step I** Any complaints, allegations, or rumors of aggressive behavior and/or bullying shall be presented to the building principal or assistant principal or the Superintendent. Students may also report their concerns to teachers or counselors who will be responsible for notifying the appropriate administrator or Board of Education official. Complaints against the building principal shall be filed with the Superintendent. Complaints against the Superintendent shall be filed with the Board President. Information may be initially presented anonymously. All such information will be reduced to writing and should include the specific nature of the offense (e.g., the person(s) involved, number of times and places of the alleged conduct, the target of the suspected aggressive behavior and/or bullying, and the names of any potential witnesses). If the person filing the formal complaint is an adult, s/he must sign the charge affirming its veracity. If the person filing the formal complaint is a minor, s/he may either sign the charge or affirm its veracity before two (2) administrators.
- Step II** The administrator/Board official receiving the complaint shall promptly investigate. Parents will be notified of the nature of any complaint involving their student. The administrator/Board official will arrange such meetings as may be necessary with all concerned parties within five (5) working days after receipt of the information or complaint. The parties will have an opportunity to submit evidence and a list of witnesses. All findings related to the complaint will be reduced to writing. The administrator/Board official conducting the investigation shall notify the complainant and parents as appropriate, in writing, when the investigation is concluded and a decision regarding disciplinary action, as warranted, is determined.
- A copy of the notification letter or the date and details of notification to the complainant, together with any other documentation related to the incident, including disciplinary action taken or recommended, shall be forwarded to the Superintendent.
- Step III** If the complainant is not satisfied with the decision at Step II, s/he may submit a written appeal to the Superintendent or designee. Such appeal must be filed within ten (10) work days after receipt of the Step II decision. The Superintendent or designee will arrange such meetings with the complainant and other affected parties as deemed necessary to review and discuss the appeal. The Superintendent or designee shall provide a written decision to the complainant's appeal within ten (10) work days of the appeal being filed.

Documentation related to the incident, other than any discipline imposed or remedial action taken, will be maintained in a file separate from the student's education records or the employee's personnel file.

Publication of the Prohibition Against Harassment, Intimidation, and Bullying

The prohibition against harassment, intimidation, or bullying shall be publicized in student handbooks and in District publications that set forth comprehensive rules, procedures and standards of conduct for students. Information regarding the policy shall be incorporated into employee training materials. The following statement shall be included:

Harassment, intimidation, or bullying behavior by any student in the Jackson School District is strictly prohibited, and such conduct may result in disciplinary action, including suspension and/or expulsion from school. "Harassment, intimidation, or bullying", in accordance with R.C. 3313.666 means any intentional written, verbal, graphic or physical act including electronically transmitted acts i.e., Internet, cell phone, personal digital assistant (PDA), or wireless hand-held device, either overt or covert, by a student or group of students toward other students, including violence within a dating relationship, with the intent to harass, intimidate, injure, threaten, ridicule, or humiliate. Such behaviors are prohibited on or immediately adjacent to school grounds, at any school-sponsored activity, on school provided transportation, or at any official school bus stop that a reasonable person under the circumstances should know will have the effect of:

- A. Causing mental or physical harm to the other students, including placing an individual in reasonable fear of physical harm and/or damaging of students' personal property; and,
- B. Is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other students.

Retaliation/False Charges: Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry related to a complaint of aggressive behavior and/or bullying is prohibited. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. False charges shall also be regarded as a serious offense and will result in disciplinary action or other appropriate sanctions. Suspected retaliation should be reported in the same manner as aggressive behavior and/or bullying.

Remedial Actions: Verified acts of harassment, intimidation, or bullying shall result in an intervention by the building principal or his/her designee that is intended to provide that the prohibition against harassment, intimidation, or bullying behavior is enforced, with the goal that any such prohibited behavior will cease.

Harassment, intimidation, and bullying behavior can take many forms and can vary dramatically in seriousness and impact on the targeted individual and other students. Accordingly, there is no one prescribed response to verified acts of harassment, intimidation, and bullying. While conduct that rises to the level of "harassment, intimidation, or bullying," as defined above will generally warrant disciplinary action against the perpetrator of such prohibited behaviors whether or to what extent to impose disciplinary action (detention, in and out-of-school suspension, or expulsion) is a matter for the professional discretion of the building principal. The following sets forth possible interventions for building principals to enforce the Board's prohibition against "harassment, intimidation, or bullying."

Non-Disciplinary Interventions: When verified acts of harassment, intimidation or bullying are identified early and/or when such verified acts do not reasonably require a disciplinary response, students may be counseled as to the definition of harassment, intimidation, or bullying, its prohibition, and their duty to avoid any conduct that could be considered harassing, intimidating, or bullying.

If a complaint arises out of conflict between students or groups of students, peer mediation may be considered. Special care, however, is warranted in referring such cases to peer mediation. A power imbalance may make the process intimidating for the victim and therefore inappropriate. The victim's communication and assertiveness skills may be low and could be further eroded by fear resulting from past intimidation and fear of future intimidation. In such cases, the victim should be given additional support. Alternatively, peer mediation may be deemed inappropriate to address the concern.

Disciplinary Interventions: When acts of harassment, intimidation, and bullying are verified and a disciplinary response is warranted, students are subject to the full range of disciplinary consequences. Anonymous complaints that are not otherwise verified, however, shall not be the basis for disciplinary action.

- In and out-of-school suspension may be imposed only after informing the accused perpetrator of the reasons for the proposed suspension and giving him/her an opportunity to explain the situation.
- Expulsion may be imposed in accordance with Board policy. This consequence shall be reserved for serious incidents of harassment, intimidation, or bullying and/or when past interventions have not been successful in eliminating prohibited behaviors.

Intervention Strategies: In addition to the prompt investigation of complaints of harassment, intimidation, or bullying and direct intervention when such prohibited acts are verified, other District actions may ameliorate any potential problem with harassment, intimidation or bullying in school or at school-sponsored activities. While no specific action is required and school needs for such interventions may vary from time-to-time, the following list of potential intervention strategies shall serve as a resource for administrators and school personnel:

- A. Respectful responses to harassment, intimidation or bullying concerns raised by students, parents, or school personnel.
- B. Planned professional development programs addressing targeted individuals' problems, including what is safe and acceptable Internet use.
- C. Data collection to document victim problems to determine the nature and scope of the problem.
- D. Use of peers to help ameliorate the plight of victims and include them in group activities.
- E. Avoidance of sex-role stereotyping (e.g., males need to be strong and tough).
- F. Awareness and involvement on the part of all school personnel and parents with regard to victim problems.
- G. An attitude that promotes communication, friendship, assertiveness skills and character education.
- H. Modeling by school personnel of positive, respectful, and supportive behavior toward students.
- I. Creating a school atmosphere of team spirit and collaboration that promotes appropriate social behavior by students in support of others (Ohio School Climate Guidelines).
- J. Employing classroom strategies that instruct students how to work together in a collaborative and supportive atmosphere.
- K. Form harassment, intimidation, and bullying task forces, programs, and other initiatives involving volunteers, parents, law enforcement, and community members.

Intervention Strategies for Protecting Victims

- A. Supervise and discipline offending students fairly and consistently.
- B. Provide adult supervision during recess, lunch time, bathroom breaks, and in the hallways during times of transition.
- C. Maintain contact with parents and guardians of all involved parties.
- D. Assist the victims to obtain counseling if assessment indicates that it is needed.
- E. Inform school personnel of the incident and instruct them to monitor the victim and the offending party for indications of harassing, intimidating, and bullying behavior. Personnel are to intervene when prohibited behaviors are witnessed.
- F. Check with the victim daily to verify that there has been no incidents of harassment, intimidation, bullying, or retaliation from the offender or other parties.

Training

Orientation sessions for students shall introduce the elements of this policy and procedure. Students will be provided with age-appropriate information on the recognition and prevention of harassment, intimidation, or bullying, including dating violence prevention education in grades 7-12, and their rights and responsibilities under this and other District policies, procedures, and rules, at student orientation sessions and on other appropriate occasions. Parents will be provided with information about this policy and procedure, as well as information about other District and school rules and disciplinary policies. This policy and procedure shall be reproduced in student, staff, volunteer, and parent handbooks.

Information regarding the policy on harassment, intimidation, and bullying behaviors shall be incorporated into training materials used with employees and volunteers with direct contact with students. The in-service education provided to middle and high school employees shall include training in the prevention of dating violence. Time spent by school employees in the training, workshops, or courses shall apply toward any State or District-mandated continuing education requirements.

School personnel members are encouraged to address the issue of harassment, intimidation, and bullying in other interactions with students. School personnel may find opportunities to educate students about bullying and help eliminate bullying behavior through class discussions, counseling, and reinforcement of socially appropriate behavior. School personnel should intervene promptly whenever they observe student conduct that has the purpose or effect of ridiculing, humiliating, or intimidating another student, even if such conduct does not meet the formal definition of "harassment, intimidation, or bullying."

Police and Child Protective Services

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or to Child Protective Services (CPS), according to the prescribed timelines. The School District shall also investigate for the purpose of determining whether there has been a violation of District Policy, even if law enforcement or CPS officials are also investigating. All School District personnel shall cooperate with investigations by outside agencies.

In addition to, or instead of, filing a bullying, harassment, or intimidation complaint through this policy, a complainant may choose to exercise other options, including but not limited to filing a complaint with outside agencies or filing a private lawsuit. Nothing prohibits a complainant from seeking redress under other provisions of the Revised Code or law that may apply.

Computer Network and Internet Acceptable Use Policy

This document constitutes the School District's Computer Network and Internet Acceptable Use Policy (Policy) and applies to all persons who use or otherwise access the Network and/or Internet, whether with District or personal equipment or whether on-site or by wireless or other remote access ("Users").

1. **Definitions:** For purposes of this Policy,
 - the term "Network" shall mean the District's group of interconnected via cable and/or wireless computers and peripherals, all other District software and hardware resources including all Web-based material and all Web hosting, all data, databases and storage media, all standalone, portable and/or borrowed devices, and all provided connectivity between and among Users and from Users to the global Internet, including any and all Instructional Technology Centers or other third-parties providing connectivity and other services, and any and all identifiers, accounts, rights, permissions, and current or future hardware, software, or connectivity owned or managed by the District to which access is provided to Users. Individual system computers are considered to be part of the "Network" and are subject to the terms of this Policy even when the User is not attempting to connect to another computer or to the Internet.
 - the term "Use" of the Network shall mean any and all actions of a User which create traffic on the Network, including traces or remnants of traffic that passes through District equipment, wiring, wireless networks, or storage devices regardless of any other factors such as the passage of time, user deletion, transit of the Network without storage or origination and/or storage on personal equipment.
2. **Purpose and Use:** The School District is providing Users access to its Network to support and enhance the educational experiences of students and to facilitate work duties of employees. Access to system computers and the Network is a privilege, not a right. The District reserves the right to withdraw access at any time for any lawful reason. The District reserves the right to determine what constitutes an improper use of system computers or the Network, and is not limited by the examples of misuse given in this Policy. Users may violate this Policy by evading or circumventing the provisions of the Policy, alone or with others. If Users have any doubt about their obligations under this Policy, including whether a certain activity is permitted, they must consult with the District Technology Coordinator to be informed whether or not a use is appropriate.
3. **Users Bound by Policy:** The User consents to the terms of this Policy whenever he or she accesses the Network. Users of the Network are bound to the terms of this Policy regardless of whether or not a copy was received and/or signed for by the User. Upon reviewing this policy, signing, and returning the agreement, each student will be granted limited use of the District's computer network and Internet. A copy of this policy shall be made available upon request and will be posted on the District website. Any parent or guardian of a student that is under

the age of 18, may direct that the student not be given access to the Internet. An opt-out form for this purpose may be obtained from the District Technology Office. The signed form, when returned, is good for one year. Students will be asked to submit a new signed form at the beginning of each school year.

4. **Personal Responsibility:** In order for the District to control student access to electronic communications, the Internet and to continue to make its computer network available, all users must take responsibility for educationally appropriate and lawful use of this access. Students must understand that one student's misuse of electronic communication devices, internet access or the network may jeopardize the ability of all students to enjoy such access. While the District's teachers and other staff will make reasonable efforts to supervise student use, they must have student cooperation in exercising and promoting responsible use. Users are responsible for their behavior on the Network just as they are in a classroom, school hallway, or other School District property. Each User is responsible for reading and abiding by this Policy and any and all future amendments, which will be made readily available in both electronic and printed form. Anonymous use is not permitted and access (including passwords) may not be shared or transferred. If a User suspects that a password is not secure, he or she must inform a teacher, building administrator, or Technology Coordinator immediately. Any improper use of your account, even if you are not the User, is your responsibility.
5. **Reporting Misuse of the Network:** Users must report any misuse of the Network to a teacher, building administrator or Technology Coordinator. "Misuse" means any apparent violation of this Policy or other use which has the intent or effect of harming another person or another person's property.
6. **Violating Policy with Personal Equipment:** The use of personal equipment and/or personal Internet access to violate this Policy or to assist another to violate the Policy is prohibited. Exceeding permission (such as abusing access to unfiltered Internet connectivity) is a violation of this Policy. Using private equipment to divert student time and/or attention from scheduled educational activities, or to divert paid work time from its proper purpose, is always strictly prohibited. Personal equipment used to violate this Policy on school property is subject to search related to the violation and seizure.
7. **Discipline for Violation of Policy:** Violations of each of the provisions of this Policy are considered violations of the Student Code of Conduct (or if an employee, of the contract of employment), and each violation is a separate infraction. Violations may result in disciplinary action for students up to and including suspension or expulsion and/or referral to law enforcement, or up to termination and referral to law enforcement for employees. The District reserves the right to seek reimbursement of expenses and/or damages arising from violations of these policies. Disciplinary action relating to employees is always subject to the provisions of any applicable collective bargaining agreement.
8. **Waiver of Privacy:** By accepting Network access, Users waive any and all rights of privacy in connection with their communications and files on the Network or communications achieved through the use of District equipment or software. Electronic mail (e-mail) and other forms of electronic communication (including

instant messaging of all forms and SMS messages originating from email) are not guaranteed to be private. The District owns all data in the system. Although the District respects the natural desire of all persons for privacy and will attempt to preserve this privacy whenever possible, the operational and security needs of the District's computer network and messaging systems require that full access be available at all times. The District therefore reserves the right to access and inspect any computer, device, or electronic media within its systems and any data, information or messages which may be contained therein. Systems managers have access to all messages for purposes of monitoring system functions, maintaining system efficiency, and enforcing computer/network use policies and regulations, District policies, and state and federal laws. Illegal activities or suspected illegal activities may be reported to the authorities.

9. **Security and Integrity:** Staff members are responsible for maintaining security of student information and other personally identifiable data that they access, even if they access such data accidentally or without permission, and for upholding FERPA (20 U.S.C. § 1232g), the student confidentiality law (Ohio Revised Code Section 3319.321), the Ohio Privacy Act (Chapter 1347 of the Ohio Revised Code), and any other applicable privacy policies and regulations. Users are responsible whether such data is downloaded from the Network to their computer screen, transmitted by email, stored on a flash drive, portable device or laptop, copied by handwriting or by any or all other devices, forms of storage or methods. Negligence with respect to protecting the confidentiality of such data will be considered a violation of this Policy whether or not such negligence results in identity theft or other harm.
10. **District-Owned Equipment:** Desktop computers, laptops, portable devices, and other equipment belonging to the District are your responsibility. Any misuse, failure, damage or loss involving such equipment must be reported to a teacher, building administrator or Technology Coordinator immediately. Periodic maintenance on laptops and other hardware is required. It is your responsibility to make such equipment timely available for maintenance at the request of the IT Department. You may be held financially responsible for the expense of any equipment repair or replacement, if damage was the result of misuse, vandalism or negligence.
11. **Personal Electronic Communication Devices:** For this policy, these devices shall be defined as individually owned devices that can be connected to voice or data networks not provided by the District. Current examples include, but are not limited to, cellular phones, smart phones, laptops, tablets, netbooks, notebooks, iPods, iPads etc. The use of any of these devices on the Jackson network requires special permission from a building administrator and the IT Department. During regular school hours (from the time busses arrive in the morning until after final dismissal), students shall not use any personal electronic communication devices to talk, transmit or receive text, photographs or other electronic files unless special permission is received.
12. **Unacceptable Uses of the Network:** All Users must use the Network in an appropriate and responsible way, whether their specific actions are described in this Policy or not. Examples of unacceptable uses include, but are not limited to, the following:

Users may not bypass the district internet filtering, attempt to bypass or use alternate programming to access a site that would otherwise be blocked. Uploading, downloading, creating, or transmitting a computer virus, worm, Trojan horse, or other harmful component or corrupted data. Attempting to hack, alter, harm, destroy or interfere with the normal operation of software, hardware, data, other District Network resources, or using the District Network or to do any of the same acts on the Internet or outside Networks. Downloading, saving, and/or transmitting data files large enough to impede the normal functioning of the computer or the Network (such as many music, video, image, or software files) unless given permission by the System Administrator. Moving, "repairing," reconfiguring, reprogramming, modifying, or attaching any external devices to Network equipment, computers or systems without the permission of the System Administrator. Removing, altering, or copying District software for personal use or for the use of others. Any use that monopolizes network resources and bandwidth.
- **USE OF OUTSIDE SERVICES:** All email, document storage, blogs or any and all other services must be provided by the School District on its Network. Outside email systems may be used for personal email, subject to the loss of privacy rights as stated in this Policy. No District business shall be conducted on outside email services unless a copy of each such communication is copied or forwarded to the User's District account for

Downloading or installing any software on District computers. Students are not to download executable files, games, movie files, music files or picture files unless directly related to coursework. Students must receive permission to do this, even if downloads are directly related to coursework.

13. Specific Limits on Communication Over the District Network:

- **Expressing Opinion:** The Network has been created at public expense and exists for purposes relating to education and administration. It does not exist to serve as a personal blog for the expression of opinions or as

4. Be considerate when sending attachments. Be sure that the file size is not too large for the recipient's email system.

- **Large Group Mailings:** The sending of messages to more people than is necessary for educational or school business purposes is a misuse of system resources and User time. Large group mailings, such as "all district" or "all building" are reserved for administrative or business use, subject to any exceptions which may be developed by the Administration or the System Administrator. Users may not send emails to more than ten (10) recipients in a single message, subject to exceptions developed by the Administration or the System Administrator. The System Administrator may also develop specific limitations on the use of graphics, the size, number, and type of attachments, and the overall size of email messages sent on the system. The use of multiple messages, non-system addresses, or other techniques to circumvent these limitations is strictly prohibited.

- **Personal Email:** Limited personal use of District e-mail by employees to communicate with family, friends, and colleagues who are willing recipients is permitted as a personal convenience, but must not impact paid work time and is subject to all of the provisions of this Policy. Misuse of the privilege is prohibited, and includes but is not limited to excessive volume, frequency, inappropriate content, mailing to unwilling addressees, or uses that may bring the District into disrepute. Violations will be determined at the sole discretion of the Superintendent.

- **Electronic Signatures:** Users shall not legally verify documents or use "electronic signatures" in any way unless they have been trained in an approved verification or signature system approved by the Administration. Users asked to legally verify or electronically sign documents should report the situation to the Technology Coordinator or Superintendent.

14. **System Security and Integrity:** The District reserves the right to suspend operations of the Network, in whole or in part, at any time for reasons of

maintaining data security and integrity or any other lawful reason. The District reserves the right to block or filter any websites, email addresses, servers or Internet domains which it, in its sole judgment, has determined to present a risk of exposing students or employees to sexually explicit or otherwise inappropriate content, or which exposes the system to undue risk of compromise from the standpoint of security or functionality.

15. **No Warranties Created:** By accepting access to the Network, you understand and agree that the School District, any involved Information Technology Centers, and any third-party vendors make no warranties of any kind, either expressed or implied, in connection with the provision of access to or the use of the Network. They shall not be responsible for any claims, losses, damages or costs (including attorneys' fees) of any kind suffered, directly or indirectly, by any student or employee arising out of that User's use of and/or inability to use the Network. They shall not be responsible for any loss or deletion of data. They are not responsible for the accuracy of information obtained through electronic information resources.
16. **Records Retention and Production:** Users must comply with all District directions regarding the retention and management of email or documents. Instant messaging or text messaging for District business is prohibited. The District retains the right to receive a copy of a record from an Employee User's private computer if for some reason it exists only on that computer.
17. **Internet Safety:** All users should be advised that access to the Internet may include the potential for access to materials that are inappropriate for school-aged children. Every user must take responsibility for his or her use of the network and Internet and stay away from these types of sites. The District provides web filtering which blocks known harmful or inappropriate sites, but no solution is foolproof. Teachers monitor students closely when they are on the Internet. Students need to exercise safe behavior. Do not provide personal information to anyone on the Internet.

On August 21, 2011, the Federal Communication Commission released an amendment to the Children's Internet Protection Act which includes an E-Rate provision of Protecting Children in the 21st Century Act of 2008. The FCC order (FCC 11-125) implements the "educating" requirements of the Protecting Children Act effective FY 2012, meaning any school or school district applying for E-Rate discounts MUST provide Internet Safety Policies that include "monitoring the online activities of minors and must provide for educating minors about appropriate online behavior, including interacting with other individuals on social networking websites and cyberbullying awareness and response."

Effective FY2012 Jackson City Schools will adopt a K-12 curriculum to address internet safety and bullying. Our curriculum will be based on resources from sources that will best meet the current and future needs of our students and staff. The curriculum will help our educators empower their students and the school community to be safe, responsible, and savvy as they navigate the digital world. Our curriculum will be based on three major topic strands with varying age appropriate subtopics, lessons, and strategies.

Topics:

- A. Safety and Security
- B. Digital Citizenship
- C. Research and Information Literacy

18. **Publishing on the District website:** The District has a world wide web site on the Internet at: <http://www.jcs.k12.oh.us> . This site is used for publishing district information, announcements, documents, curriculum resources and school news. As part of the overall curriculum and our own District information system, school news, awards, accomplishments, student projects and athletic information are published on our website. The kinds of student projects that may be published include, but are not limited to: creative writing, artwork, slide presentations, multimedia projects, reports, and web projects. News and athletic items might include pictures and information. The classroom teachers, website faculty advisors, student web teams and district administrators reserve the right to determine what kinds of work and information will be published. The District will publish information that the Board of Education has adopted as "directory" information and will follow these guidelines.

- A student's work may be identified by school, teacher or curriculum, and grade level.
- No personal contact information will be published

19. **Personal Electronic Devices:** In response to the growing need to provide more access to digital resources and the Internet, the District has allowed middle and high school students to bring their own devices. The Jackson Administration and Tech Department reserve the right to refuse any personal device it deems inappropriate or unacceptable to be brought into the school.

Students are permitted to bring personal learning devices, such as laptop, smartphone or tablet devices. These devices are to be used at the sole discretion of the classroom teacher and are to be used for research and work that supports educational purposes.

All users of personal devices must follow **all** the policies in the District Acceptable Use Policy.

The following guidelines apply, and are specific to personal devices, in order to protect both the District network and the users.

Requirements:

- The Jackson City Schools will not be held liable for any damage that may occur to the personal device as a result of connecting to the network or AC power source.
- The Jackson City Schools will not be held liable for any physical damage, loss or theft of the device.
- The District reserves the right to inspect any personal computing device to determine that the AUP is being followed.
- Personal devices **MUST** be connected to the Jackson Wi-Fi network when

being used on school premises, NO EXCEPTIONS.

- Anti-virus software must be up-to-date and active. (Microsoft Security Essentials is a free antivirus program that could be used, if you do not have another package)
- The use of personal electronic devices must comply with ALL policies and procedures in the District's Acceptable Use Policy.

Jackson City Schools Internet Opt Out Option

Due to the wealth of educational information that is available on the Internet, Jackson City Schools provides students with access to the district network and Internet. The Internet provides students with a vast resource of learning opportunities that help prepare them for the future.

The Jackson City Schools also utilizes an Internet filtering application that filters and monitors student Internet use with the intent to filter out inappropriate material that resides on the Internet.

If you DO NOT want your student to access the Internet while at school, please contact the school directly. If, at any time during the school year, you would like to rescind your decision and change your permission, you must let the school know in writing. The Opt-Out form, as well as other district technology policies, is available on the district website. (www.jcs.k12.oh.us)
