

Jackson City School District (“JCSD”) and Adena Health System (“AHS”) are partnering to offer a school based health program to JCSD students via the Adena Family Medicine-Ironmen Clinic (“AFM-IC”). The goal of this program is to help improve the health and well-being of students so that they can be successful in school. The purpose of the school based health program is to provide quality healthcare in a friendly and familiar school setting at a time that is convenient to the student and family. Although we are happy to fill the need of a Primary Care Provider, you are not required to transfer your care to AHS prior to or after being seen. JCSD will still provide school nursing and emergency services as always whether you consent to participate in this program or not.

Adena Family Medicine- Ironmen Clinic **School-Based Health Program Consent Form**

There are a few instances in which we can provide treatment and/or testing to your minor child without parent/legal guardians consent under Ohio law. Provided below are those instances:

- STD testing and treatment, *HIV/AIDS is limited to testing only
- Drug or alcohol abuse and treatment
- Mental health services if 14 years or older and only for a limited period of time, *not including medication.
- Sexual assault examination

Although minors may be able to consent to the above treatment, this doesn't mean it will be kept confidential. Medical Records, with limited exceptions, may still be obtained by the parent/guardian and the child's insurance on record will still be billed.

By signing this consent, I am authorizing AFM-IC to provide the services to my minor child outlined in this form and to bill me/my insurance for any services rendered to my child at AFM-IC. I understand that this consent for treatment will remain valid until my child is no longer enrolled in JCSD, unless I revoke or makes changes sooner. I understand that I may make changes at any time to this consent or revoke it entirely by making a written request to AFM-IC. I understand that even if I revoke my consent, as a parent of a minor child, my minor child may still consent to the treatment for which they are allowed to by law as described above. I have reviewed the AFM-IC Overview of Services and understand the services available. It is my responsibility to tell AFM-IC about changes in insurance coverage or changes to my child's health condition(s), immunization records, or medications. Additionally, I authorize AFM-IC to request medical records/information from any health care provider or facility where my child has been seen and to send results of any treatment to my child's regular doctor/clinic. Furthermore, by signing below I am attesting that I am the parent/legal guardian of the above named child and understand that a new consent form must be signed by a legal guardian if this would change. Finally, I understand that if I am not this child's birth parent that I must provide documentation or an explanation of my ability to sign this consent on behalf of the minor child and have attached such documentation to this consent.
